For generations the Bloors family have been passionately producing high quality hams in the heart of Leicestershire. Each ham they produce is cured and cooked using traditional methods and recipes giving them textures and flavours that are unique to Bloors.

Gammon Ham 1/2

Bloors Gammon Hams are based on a recipe that has now been used for over 40 years. The legs are expertly boned out to a high internal specification before being cured and matured to give a full muscle deli-style product. Our best selling ham!

3.8kg (av)

Slow Cooked Kettle Ham

The Kettle range of Hams are cooked using the authentic, traditional method of cooking in open water. The water seals the hams as they are gently simmered, giving them a superb taste and texture profile and creating a flavour of the past.

3.2kg (av)

**Wiltshire Gammon 1/2**

Expertly boned by our own butchers. The legs are matured in our authentic live brine for a minimum of 3 days then air dried to allow the flavours to fully develop. They are then matured further before slow cooking to create a succulent, traditional Wiltshire flavour.

**Roast Pork 1/2**

A genuine, Roast Pork with a succulent flavour and great texture.

**Festive Ham 1/2**

David Bloor created the Roast Festive Ham in the 1960's. It is a genuine roast ham matured for several days in tanks of brine with Demerara sugar & salts that gives a unique roast with a succulent rich flavour.
